

3.9 TEAM BUILDING

Although this is a team building course, the employer gets feedback on each individual's needs for further training. After completion of the course, the team will operate more unified and with a specific vision.

- Functions of the group
- Problem solving techniques
- The functional and emotional team
- Vision
- Communication scan
- Group communication activities
- Conflict management
- Helping each other
- Feedback (positive and negative)
- Strategies for the future
